"I looked forward to my prenatal appointments with my midwife (Beth) so much! There was never a long wait in a crowded waiting room, and she allotted an hour or more for each appointment, so I never felt rushed or that I did not have a chance to ask the questions I wanted to ask. That personalized care was very important to me! I took a great deal of comfort in knowing that my midwife was available to me 24 hours a day, with no answering services or hours to pass waiting for a return call. "Right after my son was born, my midwife team prepared the most incredible herbal bath for us! While my son and I relaxed in a warm bath, the midwives cleaned up and prepared our bed so all that was left to do was to relax and get to know our newest family member!"
